Please note that the Miss Hawaii's Princess Program is not a contest, competition or pageant. Although Miss Hawaii supports the improvement of oneself through competition as a teen and young adult, our views favor a mentoring program for children under 12 years of age. By participating in our program, your child will learn basic social skills, gain confidence, and appreciate the values promoted by the Miss Hawaii Organization. These values include the encouragement of community involvement through volunteering; the promotion of the pursuit of higher education and to instill qualities that develop future leaders. For more information please visit [www.misshawaii.org](http://www.misshawaii.org) or email [mandybrown@hawaii.rr.com](mailto:mandybrown@hawaii.rr.com).

Mahalo for your support of our scholarship program!
